### A Sale--American Lady Corsets 79c

Values \$1.00 to \$2.50  
Factory Seconds

The more we learn about American  
Lady corsets the greater our re-  
gard for the organization respon-  
sible for their production.

The system of inspection at the  
factory is so rigid that sometimes  
the slightest irregularity, that the  
average person would not discover  
after the most careful examination,  
is reason for that particular corset to  
be classed as a "second."

Here is a lot of 300 of these factory seconds  
—some are slightly soiled, others might almost  
be classed as "firsts" for you may look and  
look and then not find why they failed to pass  
final inspection at the factory.

All this season's styles and models, and there are  
all sizes in the lot. On sale Wednesday morning,  
choice 79c.  
—Regular \$1 to \$2.50 corsets. We advise you to be  
here early.

Corset Department—Second Floor.

### We Can't Believe You Can Afford to be Without —A— VICTROLA

In the first place a splendid Victrola may  
be had for \$40 and \$50—\$5 cash sends it  
home to you and your family. Now,  
consider what pleasure it will bring you  
—what real chances for education it of-  
fers—\$5 a month pays the balance, and  
inside a year it is yours. Yours to enjoy on the cold, wet,  
winter nights, in the balmy spring days and evenings, at the  
seashore or at the mountain camp—it proves again and again  
its splendid worth. You can't afford to be without a Victrola  
—that's the real truth, although you may not just realize it.  
The time will come, though, when you will admit the force of  
our agreement and when you do let us tell you our experience,  
—give you our knowledge of all the Victrolas—help you in the  
selection of one—for we carry every one.

In the meantime—be our  
guest as often as you will—  
come in any time and hear  
the wonderful records we  
always carry. Bring a  
friend with you if you can.  
We want every person in  
this great Southland to en-  
joy Victor music at this  
store.

This Victrola \$50

had the project under contemplation. They have prepared the way for a grand celebration and participation of all willing citizens. He believes the very contemplation of such a monument will keep the newspapers of the world full of Los Angeles for months to come and he is sure the unanimity of public sentiment must be inspired by the manner and method of its presentation to the people. To this end he recommended that the Advertising Club accept the grave responsibility of giving the project publicity, since an organization of this character is in a position to make a more concerted effort and a far more exhaustive campaign than the most competent individuals could possibly hope to accomplish.

Neuner had written a formal letter to the club suggesting the importance of this. The letter was read by R. L. Hulse, secretary of the Chamber of Commerce of Long Beach and one of the club's most active members. Later the letter was elaborated upon by Neuner, Mayor Alexander and others.

One minute reports on the club's work were made by the chairman of the committee and it was announced that the annual banquet will be held at the club on Feb. 15 at a place yet to be announced. The session was concluded with good stories by F. O. Bristol, who is known as the "Weedier" Wilson of Los Angeles.

## BACK TO THE HOME ROOSTS.

FINANCIAL SUCCESS ATTENDS POULTRY SHOW.

Comes to Close After Nasty Week. Special Prizes are Awarded. Happy Poultrymen Depart With Cops, Cash and Other Trophies. Many Birds to Northern Exhibit.

The Southern California Poultry Breeders' Association show, which has been in progress for the past week in the old postoffice building, Seventh and Grand, came to a close at 5 o'clock last night, and immediately thereafter the work of removing the birds began.

While the total number of paid admissions fell a little short of last year's record, the attendance really was as great. The difference in ticket sales is accounted for by the fact that more passes were issued, while the number of season tickets given members was 300 more than on the previous occasion.

Financially the exhibition was a success. While the expenditures and receipts have not been figured out in detail it is known there will be a cash balance on hand after all expenses are paid. The show also was a big success in other respects. Association officials, as well as exhibitors, are greatly pleased with results obtained.

Today 600 birds that have been contributing to the melody of sound in the old postoffice building will be sent north to appear in shows at Livermore, San Francisco, Stockton, Petaluma and other places.

The general challenge and sweepstakes trophies resulted in A. A. Bamford winning the \$100 in gold for the best cock, hen, cockerel, pullet and pen, with W. S. Macey second and Robert Mitchell third.

The \$55 challenge cup for the largest exhibit from Orange county was won by Williams & Bruce. A large number of American Poultry Association medals were given for best interbreeding, best pen, best cock, hen, cockerel, pullet and pen, with W. S. Macey second and Robert Mitchell third.

Following are the prizes in general, not including the hundred or more in the individual classes:

Association \$100 gold prize: 350 for best cock, hen, cockerel and pullet and pen, A. A. Bamford; \$15 for second, W. S. Macey; \$15 for third, Robert Mitchell. Cup for ten best black birds, Oscar Crowell; cup for ten best white birds, Thaddeus E. Allen; cup for ten best parti-colored birds, H. D. Armstrong; cup for best pen in American, Asiatic, English and Mediterranean classes, W. S. Macey; gold long-head for best cockerel, G. H. Watson; incubator for best pen of any standard variety, W. S. Macey. Best exhibit of white birds, Thaddeus E. Allen; largest exhibit white birds, A. A. Bamford; best display solid white birds, Thaddeus E. Allen; best display parti-colored birds, Williams & Bruce; best black female, Oscar Crowell; Chamber of Commerce cup, ten highest-scoring birds, H. D. Armstrong.

**LIMITED SPECIALS.**

Challenge cup (\$45) for largest exhibit from Orange county, Williams & Bruce. American Poultry Association medals for best cockerel in following classes: American, A. A. Bamford; Asiatic, William T. ## Eight More Judges.

(Continued from Second Page.)

remains open for business on Sunday. The saving religious clause provides that "any person, a member of a religious society observing some other day of worship, who actually closes his place of business on that day," may go business on Sunday.

The bill excepts telephone and telegraph companies, all persons engaged in transportation, including stage lines and public garages, hotels, restaurants, newspapers, dairy concerns, ministers or magistrates performing marriage ceremonies, theaters, sports and amusements, parks, bath-houses, museums, art galleries and libraries. Drug stores may remain open from 9 to 11 a.m., but also drug stores may not dispense after 1 p.m.

Industries, such as smelters and brick kilns, which would suffer unusual inconvenience by closing down are permitted to run on Sunday, but in all exempted cases an employee working on Sunday must have twenty-four hours consecutive rest during the week.

Although not specifically mentioned, Mr. Benedict says the bill probably will operate to close saloons and barber shops.

The bill is understood to have the support of the Weekly Rest Day League.

A companion bill was introduced in the Senate by Senator William Kahoe of Humboldt county.

## SENATE SESSION.

AFTER INSURANCE TRUST.

(BY A. F. NIGHT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 14.—The Senate introduced 141 bills, covering some of the most important proposed legislation of the session. Senator J. C. Gerdes of San Francisco introduced a bill making it a felony to combine to fix insurance rates. It is directed at the insurance situation where, Gerdes says, rates are unreasonably high and are kept so by a combine.

Other bills were: By Tyrrell—Making all penitentiary prisoners eligible for parole in one year.

By Tyrrell—Providing that in civil as in criminal cases a new trial shall be granted except where justice has miscarried.

By Gerdes—Providing that physicians who passed medical examinations in other States before 1896 may practice in California without further examination.

By Gates—For eight additional Superior Court judges in Los Angeles.

By Finn—Providing against the sale of prison-made goods except those already specified by law.

By Wright—Ceding to San Diego her tidelands. Appropriation bills were introduced by State institutions, including the San Francisco State Normal School, the Santa Barbara State Normal School, the San Jose State Normal School, the Los Angeles State Hospital, the Los Angeles Department of the California College of Medicine, the Agnew Hospital and the Whittier State School. Estimates on these appropriations are covered in the budget of the State Board of Control issued some time ago.

By Bryant—Providing that each vessel of more than fifty tons displacement shall have hatch tender while loading or unloading.

By Regan and Lyon—For one day of rest in seven.

By Kohoe—Same, with various exceptions.

By Finn—Providing that employees in the State printing department shall receive pay for enforced holidays.

By Finn—For a statue of Abraham Lincoln in the San Francisco civil center, appropriating \$25,000.

By Finn—For a Board of Plumbing Examiners and providing a license fee.

By Birdall—Making an appropriation for the extermination of the malarial mosquito.

By Birdall—Holding telegraph companies liable for errors in transmission, agreements to the contrary notwithstanding.

By Birdall—For uniform garb for girls in secondary schools.

## ASSEMBLY SESSION.

RAPID FIRE OF BILLS.

(BY A. F. NIGHT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 14.—One hundred and eighty-nine bills were introduced in the hour and a half session of the lower House of the Legislature today, and adjournment taken until 11 o'clock tomorrow.

Among the more important bills were the following:

By Johnston of Contra Costa—Bills making the issuance of lottery tickets a felony and possession of a misdemeanor.

By Kingsley—Providing for representation of three parties on election boards.

By Kingsley—Relating to hours of labor of minors.

By Bradford—Anti-alien land ownership law.

By Welton—Another Superior judge for Orange county.

By Green—Providing that when railroads have fenced their rights of way, they shall be liable for damages to domestic animals.

By Welton—Reducing the fees of executors and administrators of estates.

By Johnson—Imposing yearly license of \$100 on fishermen not eligible to citizenship.

Requiring vestibule doors on inter-urban railways.

By Slater—Adding February 12 and September 9 to the school holidays.

By Welton—Making every county separate fish and game district, county officials to determine amount of license, collect same, and enforce laws. Exempting actual homesteaders of taxes up to the valuation of \$1000.

Abolishing Saturday half-holidays.

## You Make Friends By Recommending a Reliable Kidney Medicine

Your representative called at my door yesterday morning to leave a sample of your noted Swamp-Root, and I am certainly pleased to see anybody connected with the firm who makes a medicine which has done so much for me and my family. A few years ago I was suffering from a terrible pain in my back and when I was up around the house I had to walk with my body bent nearly double. If you had placed a thousand dollars above my head I could not straighten up to get it.

Hearing of Dr. Kilmer's Swamp-Root I sent to you for a sample bottle and from the effects of that small amount I was sure it would help me, so I bought one bottle and it has cured me.

Shortly after that my husband, who was a coal miner, was suffering from kidney trouble and could not work and I sent for some of Dr. Kilmer's Swamp-Root. He was in a terrible condition, but as the doctors had not given me any relief, I had more faith in Swamp-Root and it was well founded, for it did the work and after taking a few bottles he was completely cured.

I daily recommend the use of Swamp-Root to my friends and neighbors.

Sincerely yours,  
MRS. JOHN NORDQUIST,  
Galeson, Pa.

Sworn and subscribed to before me, this 14th day of May, 1912.  
W. D. ALLEN, J. P.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Los Angeles Daily Times. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Each Piece Wrapped Separately—the new and better way in which the world's best chocolate is now sold.

**Schubert's**

SWISS MILK CHOCOLATE

5c

In State, county, municipal and other public offices.

By Stuckenbruck—Making 11 per cent maximum rate on pledge or salary collateral money loans.

By Tullock—Produce exchange bill.

By Simpson—Regulating sale and purchase of stock.

By Weldon—Giving pedestrians the right of way at road crossings over automobiles.

By Weldon—A constitutional amendment repealing that section giving the State the right to impose an ad valorem tax rate on all property in the State to remedy a deficiency.

Numerous appropriation bills following the totals approved by the State Board of Control in the budget submitted to the Governor.

By Brown—Cold storage regulation.

By Kingsley—Child labor bill providing eight-hour day for minors between 16 and 18 years, and striking out the present clause permitting children 13 years old to work if their parents are ill; also repealing clause permitting illiterate minors to work during school hours.

Assemblyman W. C. Wall of Stockton read an invitation extended by the city of Stockton to the Assembly to make a visit on a trolley excursion Sunday.

Assemblyman W. A. McDonald of San Francisco offered a resolution protesting against the employment of the female Assembly stenographers for more than eight hours a day. It was decided that the eight-hour law did not apply and the resolution was not taken up.

Among other bills introduced were the following:

By Farwell—Preventing the marriage of minors and nephews, and cousins of first degree.

By Schmitt—Raising the number of judges in San Francisco from twelve to sixteen and fixing their salaries at \$8000 per year.

Automobile license.

Johnston of Contra Costa—Closing relief public officials from payment of premiums on their surety bonds.

# PLEASE - - CALL

Checks for the Second Quarterly Dividend are now ready, at these offices. If at all convenient, make it a point to call for your check, and keep in touch with what we are doing.

It is the careful investor at the present time who will make money by following this suggestion.

There is no better time to become a shareholder in this Company, or to add to your holdings than right now.

Our capitalization is small, and most of it is already subscribed.

We are now paying 10% on par (20 cents), which means an income of 7 1/2% on the investment, if you buy now.

Dividends are paid quarterly. \$1.25 monthly makes you a shareholder. Take more or pay cash, if you wish.

Fill out the coupon for "The Whisper" and "Ten Months' Record." They are interesting and cost you nothing.

## SHARES 27 1/2 CENTS

## LOCAL Y.M.C.A. WORLD LEADER.

**Climactic Event in Year's  
Great Record.**

**Enthusiastic Annual Meeting  
Held Last Night.**

**Great Achievements of the  
Last Twelve Months.**

The splendid past year's record of the Los Angeles Young Men's Christian Association, during which it became the world leader in its class, was the subject of much enthusiasm and many speeches of congratulation last night.

The annual meeting at which reports are made and directors elected, is generally an enthusiastic occasion,

## Cave Man Methods.

(Continued from First Page.)

with other men, but the door was always locked while he was gone. He screamed, but never appeared able to make anyone hear him. Describing the treatment she alleged was accorded her while being kept a prisoner, as she claimed, the woman told an atrocious story of abuse.

Chandler, who says his home is in Mapleton, Minn., where his father, Clarence E. Chandler, is living, denies the story the woman tells. He admits that he has worked very little since coming to Los Angeles five months ago, but says the money he obtained while here was some by legitimately. When told that the woman he said was his wife would probably die he admitted he had not told the truth when he said they had been married in Europe.

### WOMAN MAY DIE.

The man tells a sordid story of carousal for weeks, but contends that the woman was a willing partner in it. He tells conflicting tales of his movements during the past five months but made no attempt to deny that he had locked the woman in the room. Questioned as to the large quantity of drugs found there, the woman's condition showing that she had been "doped" with them, he said:

## The Real Cause of Most Bad Complexions

(From Family Physician.)

It is a stern fact that no truly beautiful complexion ever came out of jars or bottles, and the longer one uses cosmetics the worse the complexion becomes. Skin, to be healthy, must breathe. It also must expel, through the pores, its share of the body's effete material. Creams and powders clog the pores, interfering both with elimination and breathing. If more women understood this, there would be fewer self-inflicted complexions. If they would use ordinary mercurized wax instead of cosmetics, they would have natural, healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogs the pores. Result: The fresher, younger, under-skin, is permitted to breathe and to show itself. An exquisite new complexion gradually peeps out, one free from any appearance of artificiality. Get an ounce of mercurized wax at your druggist's and try it. Apply nightly like cold cream, for a week or so, washing it off mornings.

To eradicate wrinkles, here's a marvelously effective treatment which acts naturally and harmlessly: Dissolve 1 oz. powdered exfoliate in 1/2 pint witch hazel and use as a wash lotion.

## Harbor Hangs on Thread

(Continued from First Page.)

directed to the completion of Municipal Dock No. 1. The work of dredging a thirty-foot channel to the pier head line, giving approach to the municipal dock and the wharf of the Outer Dock and Wharf Company's pier, but not to the city's 104 acres, will be completed within the year, he said, but this channel will not, in his opinion, afford anchorage room, only a passageway to and from the wharves. The witness agreed that in the matter of quarantine plans we are away behind the lighthouse. "It will be impossible under any circumstances," he said, "to have a quarantine station ready by the time the canal is open. We hope that the present session of Congress will make provision for such a station. No, I do not think the city will be in danger, because an inspection will be made of every incoming ship and if any are found infected they will be sent into quarantine at San Diego."

The present annual harbor revenue, according to the witness, is between \$8500 and \$9000. In the matter of fortifying the harbor he said that nothing has been done since acquiring the 102 acres near Point Firmin except to "show Gen. Bliby, chief of the United States Engineering Corps, over the site." The general, he said, liked it, and had promised to recommend that a start be made on the work.

Switching from seaway to land approach, Johnson declared in favor of a 103-foot boulevard approach, provided the city cannot secure the 133 feet it desires. Seventy-five feet is hardly enough, he thinks, and hopes an arrangement may be made with the Southern Pacific Company under which the 102-foot right of way to the municipal dock may be acquired. All the company is asking for the complete approach is \$22,000,000.

Witness said in response to a question that he did not know whether or not the city had inspectors on the dredges, and if they have he didn't know what for. The dredging is all figured on a yardage basis. The twenty-seven acres in the Miner fill he thinks is of inestimable value to the city, but said he had never figured the frontage.

When the second session of the committee "took up" former City Auditor Muehst was asked what it would cost to audit the harbor expenditures to date. About \$150 and two weeks' time he thought would do the job.

Harbor Commissioner Gordon was then recalled for a few questions. He said the dredging has cost about \$250,000 at the rate of 11 cents per yard. McCullum asked him if the actual cost was not nearer 11 cents per yard. Gordon said that Secretary Matson of his commission could tell. Matson was present, but the committee did not get to him, and he will be called for statistical data this afternoon.

Gordon said that about \$35,000 had been spent from the bond fund for dredging on Wilmington side. Prior to taking the office he now holds, witness said that he had absolutely no experience in harbor matters, but that he was learning to do with real estate. Now, he says he gives his entire attention to the duties of the board. There is no requisition now before Congress for funds to aid in the work and the witness declared that the progress of the city and the uninterrupted development of the harbor depends upon the success of the bond issue soon to be voted upon.

This afternoon the committee will meet at 2 o'clock, when the Johnson examination will be continued, followed by that of Secretary Matson.

### CLAIMED A COUNTERFEITER.

Allen Rudie, a young Austrian who was arrested yesterday by Detectives Browning and Bova after he had attempted to pass a \$10 altered note, the value of the counterfeit, was arraigned before United States Commissioner Van Dyke yesterday afternoon for a hearing on the charge. In default of \$1500 bail he was committed to the County Jail. The hearing was set for the 24th inst.

## The Newest Beauty Aids

(Ruth Ashton in the Metropolitan.)

"Never shave the eyebrows. They are apt to be coarse when they grow in again. To darken the eyebrows and make them grow longer and more evenly apply Pixon with the finger tip. Pixon applied to the hair roots makes the lashes grow long and lovely."

"The best hair remover I know is a simple paste made by mixing powdered salicylic acid with a little water. Cover the hair with this paste, leave for two minutes, wipe off, wash the skin and the hair will be gone."

"Mother's Salve is an old time household remedy that can be bought in ready prepared form at most drug stores. It often breaks up a stubborn cold in head or chest over night. It is very quick to act, and relieves catarrh, croup, sore throat, etc."

"To correct dark, muddy or sallow complexions, apply in the morning a lotion made by dissolving an original package of Pixon in a half pint of witch hazel. This treatment makes the skin fair, fresh and smooth, and prevents the growth of hair. It will not rub off or show like powder."

"Dry shampooing is relied upon by women who have studied the subject to keep hair clean, bright and lustrous in cold weather. Mix four ounces of orris root with an original package of Pixon, sprinkle a little over the head, brush through the hair, and your hair and scalp will be clean, wholesome and healthy."

Mrs. Anna C. Hoffman.

Who was removed in a desperate condition from drugs and starvation from a cheap rooming-house in this city yesterday. She tells a revolting story of alleged imprisonment and abuse at the hands of George Chandler, who was placed under arrest.

met signalling as it did last night, the successful termination of a series of important events in the history of the local association, the fervency of the speeches and of their reception by the 200 men at the tables, surmised that of all former annual celebrations.

In the list of these important successes are to be mentioned the addition of two stories to the new magnificent twelve-story fire-proof building—unsurpassed anywhere and equalled by few; the purchase of ground and the erection of the handsome clubhouse, giving the association holdings of more than \$1,000,000, and after having the equipment, reaching the climax of \$717 members, making it the largest association in the world.

President Lott in his address gave the credit of all to the leadership of the incomparable general secretary, B. E. Luther, and his co-laborers on the executive force. It is but simple justice to say that Mr. Lott himself has been a prime factor in bringing about the big things that have been accomplished. His earnest and time-consuming efforts in that direction have been backed by a liberal purse, and he has been a president of unusual ability.

### DIRECTORS ELECTED.

The following directors were elected last night: W. S. Bartlett, A. B. Cass, J. M. Smith, J. E. Carr, John W. Whitlington, Charles L. Hubbard, R. M. Mulford and J. E. Cowles. The board consists of twenty-one members, the terms of seven expiring each year, and there was one long-standing vacancy.

The reports made by the several departments exhibited a tremendous advance over former years, and indicated how great an influence the association is wielding over the young men and boys of the city.

The religious work department, the report of which was made by W. E. DeVoy and of which E. H. Smith is director, takes the lead in figures. During the year were held 346 Sunday meetings, 1885 shop and chain meetings, 52 brotherhood meetings, 1546 Bible classes, 174 committee meetings, with a total attendance of 180,476. Distributed over a half-million pieces of literature, 424 workers volunteered their services, 1615 requests for prayer were received and 30 persons professed conversion.

The report of B. H. Dyan, chairman of the physical department committee, demonstrated that it came next. The attendance for the year in the gymnasiums was 129,402 men and boys, 1181 class sessions, attended by 24,141 men, bowled 24,516 games, in the athletic field were held one athletic meet, one Times Camp field meet, one barbecue, one tennis tournament, one football team and eight basketball teams.

C. L. Hubbard, from the social department, reported an average of 125 transient residents in the building, 424 transients; 1800 were directed to other boarding places; 4500 average attendance in the building; 1000 and 11 party entertainments. J. O. Warren, chairman of the educational committee, reported 1724 students enrolled, 39 different nationalities, 274 different occupations, 48 subjects taught, 45 different instructors; age of students, 8 to 65 years. In the vocational department, C. A.

(Continued on Ninth Page.)

he had purchased them at Van Horn's drug store, No. 337 East First street, at the woman's request. The clerk at the drug store said the man had bought the drugs there.

Chandler, who says he is one year younger than the woman, is held on suspicion. Capt. Flammer refusing to place a charge against him until it is reasonably certain whether or not the woman will die. The detectives working on the case agree that their investigation of the matter so far will warrant a serious charge.

### CLARENCE DARROW VENTURE.

Hundred and Twenty-five Talismen Drawn, from Which Jury Will Be Selected—Names Secret.

A secret venire of 125 talismen was drawn by direction of Judge Willis yesterday, from which the jurors to try Clarence Darrow will be selected. The process is somewhat similar to that followed when James B. McNamara was placed on trial in October, 1911.

The talismen will be summoned by deputy sheriffs and each person is required to be present in the Superior court next Monday morning to answer to his name. At that time excuses because of ill health and other disabilities will be heard.

Though District Attorney Fredericks and several of his deputies are busy this week entertaining the visiting District Attorney, the office force has completed the preliminary work in preparation for opening the trial. At least a week is expected to be consumed in selecting a jury.

### HEROIC WOMAN.

Plunged Into Burning Building Three Times to Others' Assistance, Flaming Roof Falls.

Mrs. C. C. Foley of No. 752 College street, risked her life several times early yesterday morning when she assisted two women and carried two babies from her residence while it was rapidly being consumed by flames. Had she not made several trips into the burning building and searched the rooms for inmates she probably would have been attended by at least one fatality.

There were eight occupants in the house. When the roar of flames—of unknown origin—and the smoke awakened Mrs. Foley her first thought was of others. Running from the first to the second floor, she pounded on all doors, crying "fire."

Then she turned her attention to rescuing those who under stress of the moment were unable to help themselves. Mrs. Martha John, 70 years old, was the first person Mrs. Foley took from the building. Rushing back into the smoke and flames, she landed assisted Mrs. G. W. Campbell to a place of safety, and finally carried Mrs. Campbell's two children—George, two months old, and Margaret, twenty-two months of age—outdoors.

In the meanwhile Benjamin Haskins, J. F. Ritter and C. E. Williams made their escape from rooms which soon were in flames.

Shortly after the rescue the roof fell in. The building and its contents, valued at several thousand dollars, are a complete loss, with but little insurance.

## The Diamond Situation

WHERE there is one perfect diamond sold nowadays — there are a thousand imperfect stones sold.

Perfect diamonds are scarce—very scarce—and yet the demand for perfect gems is much greater now than it was when they were more plentiful.

This condition accentuates the investment value of a perfect diamond—and it also emphasizes the extreme importance of choosing gems from a house on which you can absolutely rely.

To be on the safe side—Feagans and Co. permit none but the finest specimens of perfect gem stones to enter their stock.

You do not need to be a diamond expert to buy safely here—because every gem we show has been tested perfect—and is priced at its actual market value.

You will find here—the most important gem pieces shown in Los Angeles. Welcome.

**Santa Maria Trade Would Involve Millions.**

**Advice Development in Brea Canyon.**

**Union Cements Graham and Loftus Well.**

Discussions involving the sale of the Santa Maria oil field and the development of the Brea Canyon oil field are being held in the city of Los Angeles. The Santa Maria oil field, which is located in the Brea Canyon, is one of the largest oil fields in the state. It is owned by the Santa Maria Oil Company, which is a subsidiary of the Union Cements Company. The Union Cements Company is a large industrial concern which is engaged in the production of cement. The Santa Maria oil field is estimated to contain about 10,000,000 barrels of oil. It is located in the Brea Canyon, which is a large, deep canyon in the foothills of the Santa Monica Mountains. The Brea Canyon is one of the most fertile valleys in the state. It is watered by the Brea River, which flows from the mountains into the ocean. The Brea Canyon is also one of the most beautiful valleys in the state. It is surrounded by high, rugged mountains. The Brea Canyon is a popular resort for the people of Los Angeles. It is a beautiful place to spend a day. The Brea Canyon is a great place to go for a picnic. It is a great place to go for a hike. It is a great place to go for a drive. The Brea Canyon is a great place to go for a vacation. It is a beautiful place to live. The Brea Canyon is a great place to go for a day. It is a great place to go for a night. It is a great place to go for a week. It is a great place to go for a month. It is a great place to go for a year. It is a great place to go for a lifetime.

—what Dana Bartlett, author of  
"The Better City", says about  
**Torrance**  
The Modern Industrial City

—Being a Few Excerpts From a Magazine Article Written by Mr. Bartlett

"Large acreage for expanding industries is growing more difficult to secure because of increasing values in the city's center. In the garden city of Torrance, 10 acres may be secured at the cost of one in the congested city of Los Angeles. The amount of taxes will be reduced and the fire-hazard will disappear, thus saving in these over-head charges, so that those who locate in Torrance can spend more money in the building of model factories."

"Mr. Torrance has made it possible for the great industrial concerns soon to be located on the West Coast, to secure in this industrial city ideal sites for their modern, ideal factories."

"Torrance will be a city livable for those who move from the smoky, dirt-begrimed industrial regions of the older city. It will seem like entering a new world, a world of opportunity—not alone for themselves but for all the family."

"Torrance will be a city of homes—with opportunity for education, free recreation, with a living wage and a job in a factory where life means more than dividends."

"The highest type of laborers will choose to live and labor at Torrance."

"Torrance is a factory town where they will make both steel and men—for here the materials out of which manhood is made are to be had for the taking."

Mr. Bartlett has made an exhaustive study of Torrance. His words of commendation form the highest type of advertising that could be desired for this modern industrial city.

Go down and review the situation at Torrance today. See the \$600,000.00 worth of public improvements already established. See the big factory sites—where gigantic plants (involving an expenditure of millions of dollars,) will be erected within the next 12 to 18 months. Make your investment BEFORE Torrance is a city of 15,000 people—and reap the benefit of your good judgment. Take Pacific Electric cars at P. E. depot, Sixth and Main streets direct to Torrance.

**Make Law Too.**  
(Continued from First Page.)

of California will be impressed upon the minds of State Legislators by a special committee from this organization, which opened its third annual convention at the Alexandria yesterday morning.

After deciding to send such a body of men to Sacramento, with instructions to remain until the purpose of securing a serious and thorough consideration of these measures by the Legislature, has been accomplished, the delegates entered into a discussion of the amendments.

The following were indorsed: A resolution of minimum sentence in cases of statutory offenses against women from five to one year, making it easier to secure conviction by jury; making one year the minimum and life the maximum sentence for conviction on a charge of incest; relating to testimony of an accomplice in crime; and providing that while such testimony may be viewed with suspicion, it shall be within the discretion of the jury to either accept or reject it, whether corroborated or not; providing for setting of day for preliminary examination and doing away with the present rule allowing a defendant to demand an immediate hearing, and a true or criminal offense; providing an equal number of peremptory challenges on both sides in selection of a jury, by allowing each side ten in cases where death or life imprisonment is the penalty, and five each in all other cases.

Other proposed amendments were discussed yesterday, but final action on them was deferred until today to allow time for further consideration.

**SAN JOSE NEXT YEAR.**

San Jose was selected as the place for holding the 1914 convention. San Jose also bid for the honor. The attractions of the two cities were set forth in an unusual manner. A. M. Free of San Jose urged his brother city to name San Jose. He said that C. P. Lee, a resident of the latter city, spoke for San Jose. This friendly interchange of courtesies, it was explained, was to show that the best of feeling prevailed.

At noon the Los Angeles Bar Association gave a well-attended luncheon at the Jonathan Club. In the evening Capt. and Mrs. J. D. Fredericks entertained at the Los Angeles Country Club with a formal reception and dance. The business sessions will be resumed. The wives of the visitors will be entertained during the afternoon at the residence of Mrs. Fredericks, No. 258 North Union avenue. Tonight there will be

a "stag" party of the men at the Alexandria.

Capt. Fredericks was given a vote of thanks at the business session for his part in the entertainment of the Bar Association. He said he was glad to see the delegates and that he was glad to see the delegates and that he was glad to see the delegates.

Deputy District Attorney Keetch invited the members of the Bar Association to attend the rest of the sessions of the District Attorneys.

**FOR HARMONY'S SAKE.**

Pastor of St. Paul's Presbyterian Church, Criticized by His Congregation, Resigns.

Disaffected over the attitude of his congregation in regard to the fact that during his two years' pastorate sufficient funds for building a new house of worship had not become available, Rev. John M. Ferguson of St. Paul's Presbyterian Church yesterday announced his resignation at a meeting of the Los Angeles Presbytery held at the Welsh Church, and it was accepted. In the technical language applied to such cases by the board, his pastoral relations were dissolved.

"There is no ill-feeling between myself and the congregation," said Rev. Mr. Ferguson last night. "There have been words of criticism, however, that were entirely unjustified. They came through a misunderstanding of the real facts. I had a call from the Burbank church and have accepted that call, hence my resignation here."

Services have been and are conducted in a store building at Third avenue and Jefferson streets. The congregation is anxious to have a regular church structure put up.

Rev. S. T. Montgomery, pastor of the Alhambra Presbyterian Church, also announced his resignation at the board meeting yesterday on account of ill-health.

**BUSINESS BAD.**

Highwaymen's Trouble and Chance for Poultry—Purse Gone; Pickpockets Luckier.

While J. Sturgeon was walking near Eastlake Park last Monday night, on route home at No. 1623 St. John street, he was accosted by two rough-dressed men who commanded him to hold up his hands. One of the men searched him. The other stood guard. Sturgeon was relieved of 16 cents and \$1.00. Remember you can obtain it only at our stores—The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Sacramento, Portland, Seattle and Spokane.—Advertisement.

**Asks Calking.**

ing returns, and miscellaneous items, \$2,540.

Los Angeles county registered 259,115 voters, more than are on the rolls in the combined counties of San Francisco, Alameda, Fresno, Sierra and Alpine. The sum for them is \$58,838 voters. The women have not registered in the North with anything like the enthusiasm they have shown in the South.

The regular expenses of the registration department from April to November were \$16,587, divided among the months as follows: April, \$3768; May, \$2168; June, \$1164; July, \$1153; August, \$2408; September, \$2091; October, \$2496; November, \$708.

**LOSES A PATENT.**

Judge Wellborn yesterday gave judgment by default in favor of J. A. Smith, who brought an action against the Glendale and Eagle Rock Railway Company for infringement of a patent relating to railway crossings and in and out of switching. The inventor of the device was Edward M. Rankin. On his death it was sold by his daughter, Laura M. Rankin, administrator, to Smith by judgment of the court the railway company is enjoined from using or manufacturing the crossing.

**FOR YOUR HAIR**

Here Are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are closed over, we do not believe that anything can restore hair growth. Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Rexall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our stores—The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Sacramento, Portland, Seattle and Spokane.—Advertisement.

## FACTS FEATURES and FANCIES for WOMEN and MEN by Olive Gray

**DAILY BEAUTY HINT:** Care of the teeth is a very important part of practical beauty culture. Some advise the use of two brushes, one straight bristle, with which to brush the teeth across and one with bristles in tufts for the purpose of brushing them up and down. Teeth should be brushed both inside and outside as well as up and down. The gums should also be massaged, as a free circulation of the blood will go a long way toward keeping away diseases, and also toward obtaining that brilliant scarlet which is a part of the charm of the youthful mouth.

Monday morning on Broadway. I had just read the Sunday news, and I was wondering if the bargains were really all that they had been for them and if they are really worth the trouble of going to the store to see them. It is so hard to make the choice, but I am sure that the bargains are all there. I am sure that the bargains are all there. I am sure that the bargains are all there.

Monday morning. Not only jewelry, but cut glass, silver and personal articles, such as gold headed umbrellas and canes and in fact most of the articles are such as any one would be glad to have at reasonable prices and when it comes to the fractional charges to be made on Wednesday, I'll warrant that several policemen will be on duty to keep the people from hoisting each other through the plate glass of the windows.

### In Her Own Store.

The woman who either runs a motor car or who runs the chauffeur who runs one, will be delighted to find, right in her own store a regulation woman's store, it kinds of motor-cars and their appliances, on exhibition during the show which is in progress there. If she runs a car she may not know exactly how she does it—however much she may have been told—and it will enlighten her to see that car sliced in two so that its anatomy is plainly visible. If on the contrary she runs a chauffeur she will, after making a round in that department, be able to understand when called upon to buy a new car-bumper that it is not habitually attached to the left hind wheel of her car. In fact, she will have some glimmering sort of notion as to what she is buying and what its function is in the digestive apparatus of the automobile. Then, too, if she has any sort of interest in how things are made she may see many of them in process of manufacture, right there. She may purchase a pair of motorizing gloves, for herself or for her chauffeur, and see them cut out and sewed into completion, right before her eyes. Certainly the show is for men, too—and in fact, I never saw so many men in a dry goods store at one time, as were congregated there, early Monday morning.

### Some Artistic Art.

In a large art establishment, not far from that neighborhood where Broadway doesn't know whether it is Broadway or Spring street, my attention was called to some of the new oriental water colors which are most striking and "different." Painted by one who has lived a life-time in the deserts of the Orient and who has studied the effects of sunrise and that wondrous pre-glow which is more brilliant than any after-glow that we have seen, these pictures set new standards and give rise to many questions. I learned that "the man" is often called upon to fit with pictures the offices in some of the new skyscrapers, and he said that he found in many instances a place for just one of these new water colors, where a corner needed a gorgeous touch—and the same was true in many homes. But such pictures, although beautiful in themselves, would need to be used discreetly, lest they cast a shadow over all others in their vicinity.

### Please Don't!

Oh, girl! Please don't wear the flat rubber-soled tan shoes with silk and satin frocks! I know the shoes are just simply delightful and that you hate to leave them off even when you go to parties, but really it is too much to combine them thus indiscriminately with "birds of other feather." I cannot be reconciled to the use of "Mary Anns" with all kinds of dress and those "Polly Janes"—as we might name them—are still more difficult to swallow, although they have their place.

### Fashion Whispers.

All the narrowness of the skirt has been retained at the hem, and the fullness has been put in about midway its length. Among the new sleeves is the kimono, cut without an armhole, full length and closely fitted to the arm below the elbow. Dark velvets and chiffons, with handsome borders, woven and embroidered, will be a fashionable feature of the coming spring. New and pretty handbags are of silk to match the new market dresses. They are embroidered in beads and ruffled with ribbon. Many of the new buttons are very small. They are purely a matter of ornamentation, and are not expected to serve as fastenings. There are a hundred variations of the kimono sleeves. Some are straight hanging, others flare and open and others are bell shape.

## TO OUR READERS

Within 150 Miles of Los Angeles.

The Parcel Post law became effective January 1, 1913.

Los Angeles merchants have the best quality of goods at prices that will appeal to all careful buyers.

Read the advertisements in The Times. Order by mail, telephone or telegraph, and the Parcel Post will be in the rest.

The patrons of The Times advertising columns will be delighted upon to send all goods as advertised, and purchasers need have no fear of receiving goods. From who live on rural free delivery routes will be delivered to their door.

Dr. R. A. Archibald of Oakland and Dr. O. A. Lander of Fresno are making their home at the Hollenbeck while here on a private business trip. Mr. and Mrs. Ben C. Garrett are registered at the same hotel from Bakersfield where Garrett is in the real estate business. John de Leon is an official of the Southern Pacific with headquarters in San Francisco who is at the same hotel.

A party of Missouri tourists who arrived at the Lankershim yesterday is made up of Mr. and Mrs. Frank Doppler and Mr. and Mrs. J. M. Hunt, the former from Weston and the latter from Tarkio. They are in the land business. S. J. Friendly, owner of the department store which bears his name at Elmira, N. Y., is passing a few days at the same hotel, and is accompanied by Mrs. Friendly. B. F. Morgan and wife are at the hotel. Morgan is a timber operator.

Vice-President Brown of the Denver and Rio Grande Railroad arrived from Denver yesterday, accompanied by Mrs. Brown. The railroad head remained only long enough to see his wife settled for the winter, then left for Colorado.

### SUMMING UP SUCCESS.

Annual Gathering of Merchants' and Manufacturers' Association to Be a Notable Function.

A large attendance is promised at the annual meeting and banquet of the Merchants' and Manufacturers' Association, Monday afternoon and evening. In the afternoon the members will vote on the names proposed for the new directorate. In the evening there will be an elaborate banquet at the Alexandria. The large banquet hall has been secured and the price of tickets is fixed at \$5 a plate. The members are expected to appear in full dress.

Dinner will begin about 7:30 o'clock. At the close of the report of President W. G. Hutchins will be given. Frederick J. Koster, chairman of the Exposition Legion of the Panama-Pacific Fair, will give a boost for the exposition in 1915. D. C. Collier will speak of the Panama-California fair, which is to be held in San Diego, also in 1915. Dr. J. Whitcomb Brouger of Temple Baptist Church, a witty after-dinner speaker, will give a witty talk on "What's Under Your Hat." C. W. Hill, first vice-president of the Merchants' and Manufacturers' Association, will speak upon the topic "The Future of Los Angeles." William Rhodes Hervey, former judge of the Superior Court, will be toastmaster. From the way that requests for tickets are being received by Secretary Zechandauer, it is believed that at least 200 members of the association will attend.

**Bullock's**  
Shoes at a Sale

## 5000 Pairs Women's Shoes \$2 and \$2.49

—Were we to place two windows side by side—one filled with the newest "all perfect" shoes, the other filled with these new, "difficult to tell from perfect" shoes, there wouldn't be one in a hundred who could distinguish which was which—

Almost without precedent—the values that are included in this wonderful January Shoe Event—

—and they are all to go—the low shoes \$2.00 pair,

the high ones for \$2.49 pair.

—Imagine the actual and safe savings you can realize on your late winter and early spring footwear—The most desirable shoes are included—boots, oxfords, pumps—even styles that so far haven't been displayed—so new are they—Four Seventh street windows are filled with these splendid shoes—

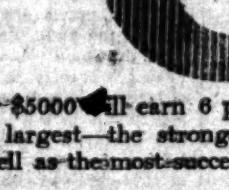

—There will be button boots of suede, velvet, satin, cravenette, corded silk, patent calf, gunmetal, calf, velv Kid and tan Russia calf. English walking boots—new high toe lasts—the new Bachelor shoes for girls. Shoes with every wanted heel height—every desirable toe shape—not every size, possibly, in a single style; however, all sizes and widths are included in the entire offering—Every pair of high shoes \$2.49.

—In the pumps—nearly 3000 pairs all told—there will be also oxford ties of late design and strap slippers, with hand-turned soles, pumps with tailored bows—also two and three strap effects—Oxfords in either button or lace, in tan leathers, dull calf, patent and velv Kid—the pumps in velvet, suede, satin, tan or dull calf and patent calf. Every pair low shoes \$2.00.

—The style range is indescribable—truly one can't begin to imagine the variety of effects there are to select from—and the values—we do not for one moment underestimate when we simply say they are unprecedented—Shoes for \$2 and \$2.49 pair—Thursday—Basement Store.

—\$1 or \$100 or \$5000 will earn 6 per cent—certainly—surely—regularly—with this Company—the largest—the strongest—and the best known financial institution in the Southwest—as well as the most successful institution of its kind in the entire world.

## \$12,500,000.00 Protects You

—every dollar will be backed, protected and guaranteed by this Company, with its over twelve millions of paid-in capital and surplus.

—our 6 per cent interest bearing securities are issued in denominations of \$100 to \$5000 for periods of 90 days up to 5 years.

—\$1, or more, though, may be paid in on a security buying installment account. \$1, or more, may be paid after that "as-you-please" until \$100 shall be accumulated.

—EVERY DOLLAR will earn 6 per cent interest for you from the day it is paid in

—and your Gold Note Security which will be delivered when you have paid in \$100, will also earn 6 per cent just as certainly and just as regularly.

## Money Back With 6% in 90 Days

—in spite of the fact that these securities always have been issued for periods of 90 days or longer, never has an investor in this or any other Los Angeles Investment Company security failed to get his money back in full on demand.

—the preference shown by over 25,000 discriminating investors for Los Angeles Investment Company's stock and securities is an evidence of their high regard and confidence in this Company and its successful record.

—\$1 or more will start you.

—get 6% in 1913.

JOE RIVERS OUTPOINTS LEACH CROSS IN SAVAGE TEN-ROUND FIGHT.

Frank Chance On His Glendora Orange Ranch.

FAST BELL SAVES LEACH CROSS FROM KNOCK-OUT.

New York Dentist Makes Terrific Attack on Rivers.

In the Second Round He Has Little Joe on the Floor, But the Mexican Comes Back Like a Wild Cat and Cries for Himself a Great Reputation Before a Record-Breaking Audience.

[BY WIRELESS LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Jan. 14.—[Special Dispatch.] A crowd which packed every available inch of space in the Empire Athletic Club tonight and left a couple of thousand madly excited fans striding for places outside, Joe Rivers won a clean victory over the prize of the Manhattan East Side, Leach Cross.

In the eighth round, the plucky western lad had the Hebrew on his feet. When the most partisan friends of Leach admitted that the fight was not in it.

Joe Rivers was not in it. He took punishment like the thoroughbred and never missed a chance or a hard cover. Cross was gassed and Leach was not. The fight was over when the bell saved Leach from a clean knockout.

Both boys were all clean. He took punishment like the thoroughbred and never missed a chance or a hard cover. Cross was gassed and Leach was not. The fight was over when the bell saved Leach from a clean knockout.

RED HOT FINISH. Both boys were all clean. He took punishment like the thoroughbred and never missed a chance or a hard cover. Cross was gassed and Leach was not. The fight was over when the bell saved Leach from a clean knockout.

NEW MANAGER OF YANKEES INSPECTS CITRUS CROP WITH FRIENDS. From left to right, Captain Harmon D. Ryan, local automobile man and sportsman, Harry A. Williams of the Times and Frank Chance, the highest salaried ball player in the world.

Home-made Version. CROSS WAS ALMOST GONE. As Los Angeles Man Viewed the Fight.

Julian Johnson Says Joe Won Decisively. Joe Rivers Had a "Friend from Home."

BY JULIAN JOHNSON. [BY DIRECT WIRE TO THE TIMES.] NEW YORK BUREAU OF THE TIMES, Jan. 14.—[Exclusive Dispatch.] Dr. Louis Wallach, Harlem dentist, who conducts another business under the name of Leach Cross, received a terrible beating at the hands of our Joe Rivers tonight.

The Empire Athletic Club, far uptown, was jammed with a throng, when even the police found it difficult to keep order at the gates. Both Cross and Joe had decided to surprise Joe's came at the terrific pace Cross set from the gate. At the first bell the little East Side Hebrew leaped to the middle of the ring in one bound, and blows fell on Rivers like hail.

His terrible pace, with Joe covering in his characteristic manner, continued for two full rounds, and the second was the best of the entire fight, for Cross. He actually knocked Joe down, while pandemonium reigned. At round three Joe had not only stood up his man but caught on the gut and for the rest of the fight he waded in at the tempo.

PLEW AT CROSS. In the fourth round he flew at Cross like a tiger and in three minutes of the most terrific pounding and rushing, in which lefts and rights from his broad shoulders crashed down on the Cross head like the beating of a tattoo, he actually knocked Joe down, while pandemonium reigned. At round three Joe had not only stood up his man but caught on the gut and for the rest of the fight he waded in at the tempo.

There can be no question in the minds of fair observers that had the fight gone on for three rounds more, at the rate Rivers concluded it, the dentist would have required a physician to bring him around.

RIVERS' RECEPTION. Rivers received a hearty reception and splendid applause at the finish. Quick breaks here are the rule, and the California one-arm-free regulation does not go.

Rivers had some difficulty in acousting himself to this and was sometimes unduly hurried. The Hebrew is unquestionably the fastest and best ten-rounder Joe has ever met, far more brilliant than Mandot, in all a superb boxer and master of tricks and plays for sympathy quite like Abe Attell. Yet I believe, despite his great science, Joe would kill him in twenty rounds. Rivers seemed in splendid condition.

Rounds one and two, all Cross. He set up to ten still being discussed, perhaps with Cross a shade. Round ten cyclone for Rivers, Cross almost gone on his feet.

DUNDIE AND HIRSCH. NEW YORK, Jan. 14.—[Special Dispatch to The Times by Federal (Wireless) Line.] Johnny Dundie, the local featherweight who will leave for California next month, where he is slated to meet Johnny Kilbane for the featherweight championship title in April, has been signed up to meet "Special Delivery" Hirsch of Chicago for ten rounds at the Olympic A. C. January 27. At the same club next Monday night, Johnny Lore will meet Lee Johnson for ten rounds.

SEVENTH ROUND. This, too, was a session of boxing. Cross was wary, and devoted much of his time to blocking or evading Rivers' punches. A hard right to the jaw shook the East Sider toward the

end of the round and the session went to Rivers on points.

EIGHTH ROUND. Cross woke to the fact that he had to do something to overcome the lead which Rivers had secured. He took the aggressive from the tap of the gong and apparently surprised the Mexican by the viciousness of his attack. He battered Rivers from one end of the ring to the other and drew the blood from his nose with a volley of terrific swings that jarred him from head to heel. Gone was the science of Rivers. He fought blindly and for self-preservation. Swinging, he walked in, but Cross drove him back with straight punches to the head and at close range went at the body with short free-hand jolts. It was well for Joe that he was well trained, for an unconditioned man would have gone under.

NINTH ROUND. In the ninth round Cross again did the better work and kept up his aggressiveness. Joe seemed to have lost his science and fought by instinct alone. His swings were blocked, his leads countered and his efforts at infighting smothered. He was gassed and kept coming all the time. He landed at times, but the cool science of Cross baffled him. The round was also Cross.

TENTH ROUND. Cross's efforts in the preceding rounds seemed to have worn him out, while Joe came back stronger than at any time during the fight. He went at the New Yorker with all the savage, seething fury of a wounded Bengal and battered him from pillar to post. Walking in to close range, protected by an impenetrable defense, Joe ripped in with both hands. He straightened Cross up with hard right uppercuts on the jaw and made him cover with body blows. In desperation Cross lashed out and he scored, too, but it was weak, futile and almost impotent. Rivers was there to fight and when he really cut loose he was every inch the champion. He rushed Leach to the ropes and when the bell sounded the end of the battle had him weak, tottering and almost out.

GRIFITH'S TRAINING CAMP. CHARLOTTESVILLE (Va.) Jan. 14.—[By A. P. Night Wire.] Clark Griffith, manager of the Washington American League team, it was announced today, has completed arrangements whereby his team will engage in their early-spring practice here. Griffith will have thirty-six men in his squad, the batteries reporting March 1, the others a week later.

WHAT RIVERS SAID AFTER THE FIGHT. [By Wireless Line to The Times.] NEW YORK BUREAU OF THE TIMES, Jan. 14.—[Special Dispatch.] After the fight Rivers was smiling. "I had hoped to knock Cross out," he said, "and I think I would have done it if that last round had lasted a little longer. He is a clever fighter, all right, but I think I showed tonight that I am his master at the game. "He did his best in the eighth and ninth rounds, but he was not able to hurt or worry me very much. My only regret is that the fight was not longer, so that it could have been settled by a clean knockout. "My plans you'll have to ask my manager."

New Manager of Yankees Inspects Citrus Crop With Friends.

From left to right, Captain Harmon D. Ryan, local automobile man and sportsman, Harry A. Williams of the Times and Frank Chance, the highest salaried ball player in the world.

Home-made Version. CROSS WAS ALMOST GONE. As Los Angeles Man Viewed the Fight.

Julian Johnson Says Joe Won Decisively. Joe Rivers Had a "Friend from Home."

BY JULIAN JOHNSON. [BY DIRECT WIRE TO THE TIMES.] NEW YORK BUREAU OF THE TIMES, Jan. 14.—[Exclusive Dispatch.] Dr. Louis Wallach, Harlem dentist, who conducts another business under the name of Leach Cross, received a terrible beating at the hands of our Joe Rivers tonight.

The Empire Athletic Club, far uptown, was jammed with a throng, when even the police found it difficult to keep order at the gates. Both Cross and Joe had decided to surprise Joe's came at the terrific pace Cross set from the gate. At the first bell the little East Side Hebrew leaped to the middle of the ring in one bound, and blows fell on Rivers like hail.

His terrible pace, with Joe covering in his characteristic manner, continued for two full rounds, and the second was the best of the entire fight, for Cross. He actually knocked Joe down, while pandemonium reigned. At round three Joe had not only stood up his man but caught on the gut and for the rest of the fight he waded in at the tempo.

PLEW AT CROSS. In the fourth round he flew at Cross like a tiger and in three minutes of the most terrific pounding and rushing, in which lefts and rights from his broad shoulders crashed down on the Cross head like the beating of a tattoo, he actually knocked Joe down, while pandemonium reigned. At round three Joe had not only stood up his man but caught on the gut and for the rest of the fight he waded in at the tempo.

There can be no question in the minds of fair observers that had the fight gone on for three rounds more, at the rate Rivers concluded it, the dentist would have required a physician to bring him around.

RIVERS' RECEPTION. Rivers received a hearty reception and splendid applause at the finish. Quick breaks here are the rule, and the California one-arm-free regulation does not go.

Rivers had some difficulty in acousting himself to this and was sometimes unduly hurried. The Hebrew is unquestionably the fastest and best ten-rounder Joe has ever met, far more brilliant than Mandot, in all a superb boxer and master of tricks and plays for sympathy quite like Abe Attell. Yet I believe, despite his great science, Joe would kill him in twenty rounds. Rivers seemed in splendid condition.

Rounds one and two, all Cross. He set up to ten still being discussed, perhaps with Cross a shade. Round ten cyclone for Rivers, Cross almost gone on his feet.

DUNDIE AND HIRSCH. NEW YORK, Jan. 14.—[Special Dispatch to The Times by Federal (Wireless) Line.] Johnny Dundie, the local featherweight who will leave for California next month, where he is slated to meet Johnny Kilbane for the featherweight championship title in April, has been signed up to meet "Special Delivery" Hirsch of Chicago for ten rounds at the Olympic A. C. January 27. At the same club next Monday night, Johnny Lore will meet Lee Johnson for ten rounds.

SEVENTH ROUND. This, too, was a session of boxing. Cross was wary, and devoted much of his time to blocking or evading Rivers' punches. A hard right to the jaw shook the East Sider toward the

end of the round and the session went to Rivers on points.

EIGHTH ROUND. Cross woke to the fact that he had to do something to overcome the lead which Rivers had secured. He took the aggressive from the tap of the gong and apparently surprised the Mexican by the viciousness of his attack. He battered Rivers from one end of the ring to the other and drew the blood from his nose with a volley of terrific swings that jarred him from head to heel. Gone was the science of Rivers. He fought blindly and for self-preservation. Swinging, he walked in, but Cross drove him back with straight punches to the head and at close range went at the body with short free-hand jolts. It was well for Joe that he was well trained, for an unconditioned man would have gone under.

NINTH ROUND. In the ninth round Cross again did the better work and kept up his aggressiveness. Joe seemed to have lost his science and fought by instinct alone. His swings were blocked, his leads countered and his efforts at infighting smothered. He was gassed and kept coming all the time. He landed at times, but the cool science of Cross baffled him. The round was also Cross.

TENTH ROUND. Cross's efforts in the preceding rounds seemed to have worn him out, while Joe came back stronger than at any time during the fight. He went at the New Yorker with all the savage, seething fury of a wounded Bengal and battered him from pillar to post. Walking in to close range, protected by an impenetrable defense, Joe ripped in with both hands. He straightened Cross up with hard right uppercuts on the jaw and made him cover with body blows. In desperation Cross lashed out and he scored, too, but it was weak, futile and almost impotent. Rivers was there to fight and when he really cut loose he was every inch the champion. He rushed Leach to the ropes and when the bell sounded the end of the battle had him weak, tottering and almost out.

GRIFITH'S TRAINING CAMP. CHARLOTTESVILLE (Va.) Jan. 14.—[By A. P. Night Wire.] Clark Griffith, manager of the Washington American League team, it was announced today, has completed arrangements whereby his team will engage in their early-spring practice here. Griffith will have thirty-six men in his squad, the batteries reporting March 1, the others a week later.

WHAT RIVERS SAID AFTER THE FIGHT. [By Wireless Line to The Times.] NEW YORK BUREAU OF THE TIMES, Jan. 14.—[Special Dispatch.] After the fight Rivers was smiling. "I had hoped to knock Cross out," he said, "and I think I would have done it if that last round had lasted a little longer. He is a clever fighter, all right, but I think I showed tonight that I am his master at the game. "He did his best in the eighth and ninth rounds, but he was not able to hurt or worry me very much. My only regret is that the fight was not longer, so that it could have been settled by a clean knockout. "My plans you'll have to ask my manager."

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES

## DEBUTANTES MAKE THEIR BOW

Brilliant Social Event at Anandale Country Club.

Stata Reception and Ball Sets a New Record.

Lack of Snowball Ordinance Ends a Prosecution.

PASADENA, Jan. 15.—Never has the Anandale Country Club been the scene of so brilliant a social function as that of last evening, when Mr. and Mrs. William R. Stata of North Grand avenue, Pasadena, gave a reception and ball which was the most elaborate affair of the winter, for the purpose of formally introducing into society Mrs. Stata's daughters, Misses Isabel and Clara Watson, who are among the most attractive of Pasadena debutantes.

Several hundred invitations were extended and quite as many society people from Los Angeles as from Pasadena were present.

No such attempt at elaborate and artistic social entertainments has been heretofore made at Anandale. The great assembly room, cleared for dancing, was transformed into a hall of beauty. Pink and green was the color scheme worked out in smiles and pink carnations. The many windows of this spacious room, from which all the curtains and draperies had been removed, were concealed by ropes of similar dotted with pink carnations and the entire ceiling was hidden under a canopy of greenery. Numerous pink tulip buds brought out effectively the rosy color of the center decoration of green and white. Pink and green baskets of flowers, pink and green bouquets, and rare flowering exotics were massed in corners and before the mantel, which was banded with pink and green. Pink and green candles and vases of pink carnations, the receiving party stood.

Mr. and Mrs. Stata received alone with the Misses Watson. Mrs. Stata wore an exquisite Paris gown of white tulle with a plastron of rhinestones and effective touches of black tulle in the skirt and bodice. Miss Isabel Watson wore a charming imported frock of white tulle, with an overdress embroidered in silver and edged with tiny clusters of purple and pink blossoms. An artistic touch was given in the royal purple girdle circling her slender waist.

Miss Clara Watson's gown was a dainty Paris creation of white tulle with three tiers of chiffon, pink, blue and violet, making a charming effect and white head emerald finished the hair. Each of the young debutantes carried an arm bouquet and Killarney roses.

The small dining-room between the ballroom and an enclosed porch was used last evening as a sitting-room and by the use of divans, couches filled with pillows and other conveniences, was transformed into a cozy sitting apartment, and here also the color scheme of pink and green was charmingly carried out. On a large table were placed not only a wonderful array of flowers in baskets, bouquets and showers, sent to the debutantes, but also dainty gifts, souvenirs of the evening.

A delightful promenade was provided for the dancers in the canvas-covered porch, which was lined on either side with trees and palms and beautified by a high screening of bamboo. Here at the east end punch was served.

Supper was served in the sun parlor, in the center of which was placed the debutante table, where covers were laid for twenty. Here this season's Pasadena and Los Angeles debutantes were seated, and the table was ornamented with quantities of pink carnations, maidenhair ferns and illuminated with pink candles, in silver candlesticks, shaded with rose-colored flower shades. About this center table were grouped tables for the other guests and a most elaborate supper of four courses was served. Unique features were introduced, one, which gives some idea of the elegance of the service, being the serving of chicken à la King in chafin dishes.

Music was furnished by Ahrend's orchestra and dancing was kept up until a late hour. Among the guests Mrs. Stata in entertaining were Mrs. Harlow W. Bailey, Edward F. Robbins, Arthur A. Libby, H. Page Warden, Harry Gray, S. Hazard, Robert Flint, Edward H. Greenedyke, William Park, William Brackenridge, H. M. Robinson, John Earle, John B. Miller, E. Miller, Fred Elmer Wilcox, Joseph Hixon and Charles H. Hamilton.

Mrs. Edward H. Greenedyke wore a beautiful gown of white satin with an overdress of deep blue and black.

Mrs. H. H. Hixson wore a black tulle dress over white satin. Mrs. E. H. Hixson wore a black tulle dress over white satin. Mrs. E. H. Hixson wore a black tulle dress over white satin.

covers for fourteen; Mr. and Mrs. Harry Gray, Oak Knoll, covers for eight; Mr. and Mrs. S. Hazard, Hixson, North Grand avenue, covers for six; the Misses Bailey at the home of their parents, Mr. and Mrs. Harlow W. Bailey, in honor of the Misses Watson, covers for two. Here the table was beautifully decorated with orchids and ferns.

The Misses Watson, who last evening made their first bow to society and surroundings of such exceptional elegance and beauty, have but recently returned from an extended European trip, but have been the recipients of the past few weeks of much social attention both in Pasadena and Los Angeles, and their coming-out party will be but a signal for a round of elaborate entertaining in their honor, which will extend throughout the winter.

**BURGLARS COME BACK.**

The home of F. L. Loring in San Rafael Heights was again visited by burglars last Monday night. Presumably the same party made an unsuccessful attempt to break into the house several nights ago at 2:30 o'clock yesterday morning were discovered at work on the lock of one of the front doors. The barking of watch dogs that resulted and the firing of pistols by the awakened household, frightened them away.

There are seven ferocious watch dogs in the Loring house, headed by a Great Dane that is as large as a calf, and has the burglars' accounts in gaining the interior of the house these dogs would have probably have made short work of them.

It is believed there were but two of them. Mrs. Loring was awakened by the sound of their voices as they endeavored to force the door. Almost simultaneously the dogs began to bark and a bell was rung which aroused five men who live on the premises. They rushed out with revolvers and discharged several shots in the air. The burglars, who had disappeared in the direction of the home of Dr. Webster Merrifield. The Great Dane also was released, but the burglars made good their escape.

**NO SNOWBALL ORDINANCE.**

Because there is no ordinance in Pasadena to prevent the throwing of snowballs, William D. Murphy of No. 1299 Hillcrest avenue, Oak Knoll, failed yesterday afternoon in an attempt to have two boys, Francis Christopher of No. 164 East Colorado street and Paul Hermal of No. 1260 East Colorado street, arrested. The boys are two of a number of boys at him and Mrs. Murphy with snowballs as they drove past the office of the Mt. Wilson stage line on East Colorado street.

A barrel of snow had been brought down from the peak and set in the office and a large crowd had gathered. The snow was real old-fashioned snowballs they were giving passers-by a taste of eastern times.

Murphy, who maintains that one of

the snowballs hit Mrs. Murphy, succeeded in catching the two boys and asked Patrolman Patrick, who was stationed at Colorado street and Marjono avenue, to arrest them. This Patrick refused to do unless Murphy should swear to a complaint, saying that there was no ordinance against snowballing in the city.

The two boys, Patrolman Patrick and Murphy, went to the Police Judge McDonald, who after listening to their accounts of the incident declared that he could not issue warrants for the boys' arrest on such evidence as given, and told Murphy that he could only prosecute them, if at all, through the Juvenile Court.

**PROSPECT IS PLEASING.**

Dr. James A. P. Scherer, president of the Tropico Police Institute and Mrs. Scherer returned home yesterday from a trip to the Isthmus of Panama for which they left Pasadena December 16, last. They made an extensive survey of the Panama Canal and came home more convinced than ever that the opening of the "big ditch" is going to mean wonders for Southern California.

"We were very much impressed," said Dr. Scherer last night. "I think the primary thing the canal will mean for Southern California will be the bringing in of many immigrants. This will be a good thing in some ways. It will solve a question of labor for our farms. There has been much talk of orientalization of Southern California. Perhaps it has become a bogey. While the immigration will bring other problems, it will solve this."

**VEHICLES COLLIDE.**

While hastening to respond to a call, the ambulance of Reynolds and Van Nuy yesterday afternoon at the corner of El Molino avenue and Colorado street, collided with a motorcycle ridden by J. H. McCormick sustained a compound fracture of the left leg. He was taken to the Emergency Hospital and the ambulance was transferred to the Pasadena Hospital.

The call that the first ambulance was attempting to answer was finally responded to by Ives & Warren. It was a case that resulted in the death of heart failure of James Stewart, at the Stewart ranch, corner of Buena Vista drive and San Pasqual street. He was 57 years of age and had lived here eight years, having come from Kansas City. He leaves a widow.

**GAS FLAMES RAISE THE TEMPERATURE IN GROVES.**

**MONROVIA, Jan. 14.**—Last night in the orange grove of John Smith, one mile south of Monrovia, the first of a series of exhaustive tests are being made in frost prevention, the success of which will mean incalculable benefit to the citrus industry of the state, and will remove a large percentage of the groves from the danger of freezing weather.

The experiments, which are being conducted by R. O. Simpson, manager of the Duarte-Monrovia Fruit Exchange, and F. H. Bivens, local manager for the Southern Counties Gas Company, consist in the use of illuminating gas as a heat generator. Instead of the crude oil smudges now employed, Mr. Bivens has gone over the problems of heat radiation very carefully, and has worked out a plan of smudge that by the proper use of gas the temperature can be raised from 10 deg. to 15 deg. The smudges now in use are estimated to produce a rise in the temperature of from 4 to 5 deg.

The apparatus with which Mr. Bivens proposes to combat the frosty weather consists of a Bunsen burner, which produces the hottest gas flame possible, with a brass reflector above, the whole to be placed directly beneath the tree. The smudges are not to be used under the trees, but are set between the rows, so that much of the heat generated by the burning gas is lost.

The cost of gas as a heat generator,

Mr. Bivens states, will be considerably less than of crude oil, once the pipes are installed. The fact that over 400 acres of citrus land is traversed by gas mains in the valley, makes the proposition of installation a comparatively simple one. With the pipes and burners laid, the only work necessary in case of a first warning being turned in is for the rancher to light the gas in the case of oil, it requires four men and a team to every fifteen-acre grove, and often, as in the last cold snap, a sufficient supply of oil cannot be obtained and the smudges set in time to save the fruit, even supposing that the oil gave out sufficient heat to do the work. The only plan that can be used in the use of gas is the smoke blanket, which is supposed to keep the heat from radiating, and the efficiency of the smoke, except when the entire district uses the smudges, is considered doubtful by many growers.

Mr. Simpson, who has investigated the alleged frost preventative brought forth in the Sugar Syrup, considers the gas proposition the best of the lot. Should it make good, not only will thousands of acres now planted in oranges and lemons be rendered immune from injurious cold, but large tracts of land, at present considered too cold for citrus fruits, will no doubt be planted. And in the future real estate advertisements, in addition to "most fertile soil in the State," and "abundance of purest water," the promoter will have to add, "piped with gas."

**Bitter Oranges.**

**PICKERS QUIT WORK IN THE COVINA DISTRICT.**

**COVINA, Jan. 14.**—After working for several days, Manager C. E. Crawford of the Covina Orange Growers' Association, an organization shipping fruit through the California Fruit Growers' Exchange, called the men off the job last night. He made the statement that the fruit was too bitter, owing to its being frost-bitten, and that a large percentage of it showed brown spots, which are the first indications of decay. Crawford's association prides fruit for about one-half of the ranchers in what is known as the Covina district. While Manager Crawford said that his decision on the fruit was final, and that growers can decide through their board of directors to ship it if they see fit to do so, he believed that the packing-house would not attempt to and that the fruit would remain on the tree for another month. During that time nearly all the frost-bitten fruit would drop to the ground, he said, and this would make all the fruit remaining of a marketable condition.

Manager George Anderson of the Covina Citrus Association, another of the large organizations shipping through the exchange, stated last night that a meeting of the board of directors was held yesterday afternoon and that the board decided to allow any grower to pack his fruit; if he wanted to do so, taking the chances of receiving something for it

when it was placed on the market. The manager, however, gave as his personal opinion that few growers would take advantage of this offer until later. The third house packing through the exchange here, managed by Harry Damerel, has accepted the same conditions.

Manager William Hoogenyck of the Charter Oak Citrus Association has a large gang of men picking in the orchards. Yesterday he doubled the number of men that are picking fruit. The packing-house has been running at full capacity for six days, including Sunday. Mr. Hoogenyck says that his district is showing up much better than was first supposed it would, but the packing is being done very carefully. The growers are anxious to culling the fruit for damaged oranges.

W. B. Thorne, whose large holdings are of the city of Covina, is packing his fruit through the Pacific Packing Company. He said last night that he is personally supervising the packing, and that he expects quite a large percentage of his fruit to be marketable.

Several growers who were confident that their fruit had not been badly hurt, and who ordered the packing-houses to begin picking the fruit, have cancelled the orders, as the fruit is in an unmarketable condition. The majority of the growers in Covina believe that the wisest plan will be to wait a month, when they can then ship the fruit that has not dropped to the ground from the effects of the freeze.

rancher who resided near Sunland, in Tehuanga Canyon, and while with his wife on a shopping trip to Tropico, Saturday, was suddenly stricken with heart failure and fell in front of the Tropico Pharmacy, expiring before medical aid could be summoned. An enthusiastic mass meeting of the citizens of Tropico was held at K. P. Hall last evening to discuss the matter of fire protection. The meeting was all in favor of erecting a fire tower at the residence of the late A. J. Becker residence, Friday evening. Frank Davis was elected chairman, and W. G. Cressney, secretary. Every one present agreed to the final plan which is to bond the city for the purchase of a modern auto fire truck to carry chemical hose and pump, put in 200 fire plugs, build a house, and all to cost about \$20,000.

Frank Davis appointed a committee of four, two to represent the Tropico chamber and the other two, the Tropico Civic Club, which committee will meet with the City Trustees of Tropico to confer relative to the better plan to pursue regarding the fire apparatus. The committee includes Burt M. Richardson, R. C. Carmy, Frank B. McKenny and J. H. Smith. A committee comprising Frank B. McKenny, W. G. Black and Dwight Griswold was appointed to arrange for the erection of a temporary fire house.

**FRESNO SOAKED.**

**FRESNO, Jan. 14.**—(Exclusive Dispatch.) A driving rain started to fall this morning and continued throughout the day and until late at night. The rain is soaking into the ground and will do much to alleviate the damage done by the recent cold snap.

The rain today brings the total for the season up to 1.69, against a record of 1.51 for last year at this time. The normal is 4.39.

**Household Economy**

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 3/4 pint of warm water and stir about 1/2 cup of sugar as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much good syrup as you could buy ready made for \$2.50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually about the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol, and all the healing pine elements. No other preparation will work in this formula.

This recipe for making good remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., P. O. Wayne, Ind.

**Healthy Mothers**

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother adds nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pleasant those sleepless nights which nature is expanding, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

## LAST CHANCE—SHARES 20 CENTS

Careful investors, with a sense of money values, are hastening in large numbers to buy HIBERNIAN HOME BUILDERS' shares before Jan. 20, when the price advances.

On that date the price of shares rises to 22 1/2 cents, giving 12 1/2 per cent profit on par to all our shareholders.

This advance has been delayed to the last possible moment in accordance with the conservative policy of our directors.

This first rise in our share price is the natural evolution of developed property values and an active building program.

Under the direction of A. H. Stibolt, designer of Planada City and of Loma City, Cal., the work of building bungalows on our Eighty-fourth Place tract has been undertaken.

This era of construction will inevitably be followed by another period of advancing share prices.

Equities in our shares can be exchanged for equities in our houses; and, conversely, equities in our houses for equities in our shares.

## Find Out Your Disease Free This Week

**A Thorough Free Medical Examination**

EVERY sick person is vitally interested in knowing the exact nature of his disease, and the probabilities of a permanent cure. It is presumed that if you are sick you are taking medical treatment. Does your doctor tell you exactly what your trouble is or does he evade your question? Does he know how to treat your trouble, and give you relief, or does he keep you in a state of uncertainty? Are you getting results from his treatment or do you stay the same or get worse? Answer these questions for yourself—look at the matter in a strictly business way. If you are paying for a cure, but what are you getting for the money? Make no mistake. If you want to know all about your trouble—what it is, if and how it can be cured, and what it will cost—SHOORES offers a FREE medical examination. ADVISE to all who apply THIS WEEK. Free low and payments easy. Call today.

**We Treat All Chronic Diseases**

DRS. SHOORES not only treat Catarrh, but they treat Nervous Diseases, Kidney and Liver Diseases, Bladder Troubles, Heart Diseases, Racial Diseases, Chronic Diseases of Women and Children, Nervous Debility, Skin and Blood Diseases, Asthma, Consumption, Chronic Bronchitis and Lung Trouble, Sciatica, Rheumatism, Hay Fever, Neuralgia, Hysteria, Deafness, Ear Diseases, Goitre, Epilepsy, La Grippe, Varicose Veins, and all forms of Chronic and Chronic Diseases that are curable. Call or write—address free.

**DRS. SHOORES, Specialists**

DRS. SHOORES have spent many years in the study and treatment of Chronic and Nervous Diseases of Men, Women and Children exclusively. They have treated over 100,000 cases in the past 20 years, an experience rarely ever granted any specialist, and have gained therefrom information that is invaluable to sick people.

They know what causes Catarrh. They know how to cure it. They know what causes Bladder Trouble. They know how to CURE it. They know what causes the Liver, the Kidneys, the Heart, the Throat and the Lungs, and they know what to do for these troubles. If you are a chronic sufferer and want the best treatment YOU CAN GET, DEPEND ON DRS. SHOORES. They are not only graduates and are duly licensed by the California Medical Board to practice medicine and surgery, and are strictly business men. They will tell you honestly if and how you can be cured, and exactly what it will cost, and if your case is curable they will cure you to satisfaction.

stead of merely relieving it. They have studied the Liver, the Kidneys, the Heart, the Throat and the Lungs, and they know what to do for these troubles. Old "Doc" Grouch  
Was a nervous wreck,  
His case was really chronic.  
But now he enjoys bounding health,  
For he uses "S-E-L-E-C-T" Tonic.

**Maier's Friend**

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother adds nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pleasant those sleepless nights which nature is expanding, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

Business: Shipping, Mines and Stocks.

SOME CHANGES IN THE BOARDS.

NATIONAL BANK STOCKHOLDERS HAVE MEETINGS.

One Increases Capital Hundred Thousand—Another Will Absorb Savings Institution—Largest Attendance Ever Known at Citizens' National—One New Director.

Stockholders of eight national banks, the Farmers' and Merchants' National, the First National, Central National, National Bank of Commerce, National Bank of California, and the United States National Bank, held their annual meetings yesterday.

The capital stock of the Commercial National Bank was increased from \$200,000 to \$300,000, and Newman Eschick, who has been identified with the institution since its organization, having held the position of cashier for the past five years, tendered his resignation. He is to engage in business for himself. The board adopted resolutions expressing appreciation of his past services and wishing him every success in his new field. His place is taken by R. S. Heaton.

The National Bank of Commerce elected a Liquidating Committee empowered to complete negotiations for merging that institution with the Home Savings Bank, which will take over the assets of the National Bank of Commerce, February 1, it is announced. The Liquidating Committee consists of F. M. Douglas, president; John A. Bailey, vice president; J. A. Thompson, F. W. Smith, and Jacob Baum. H. J. Stave was chosen cashier, and H. M. Coffin, assistant cashier.

The largest stockholders' meeting ever held by the Citizens' National Bank was that yesterday. There was but one change made in the directorate—Albert Crutcher taking the place of Frank C. Bolt.

The First National Bank held its meeting in the new offices at Spring and Seventh streets. It is expected that this bank will be in its new quarters by February 15.

The Farmers' and Merchants' National Bank has increased its dividends to 10 per cent.

The meeting of the Central National Bank was adjourned for thirty days pending negotiations now in progress for a merger with the Security Trust and Savings Bank.

The United States National Bank elected F. A. McMillin to the directorate to succeed Tony Bright.

REPORT ON MARKETS.

Acting City Prosecutor Reviews Local Situation as Disclosed by His Investigations.

Acting City Prosecutor Nimmo sent to the Mayor yesterday his report on the high cost of living and the local market conditions as he says they were disclosed by a series of investigations he has been carrying on.

Nimmo says his research has convinced him that the nearly all the jobbers and wholesalers in the necessities of life are united in some way upon prices; that some have iron-banded agreements, while others are given to "gentleman's" use of understanding.

He says, however, that he has found much evidence of healthy competition among produce dealers in some lines in supplying patrons, but that it seems evident that in their own buying and the companies are mostly agreed upon the prices to be paid to producers.

Legal Notice.
